

**REMARKS**

The Examiner's indication that the application is allowed is gratefully acknowledged.

Claims 11 and 13 have been amended to reinsert language that was inadvertently omitted in the Examiner's Amendment of these claims. The previous Examiner's Amendment inadvertently left claim 2 and 11 identical and claim 3 and claim 13 identical. As discussed with the in a telephone interview on October 14, 2005 between the undersigned and the Examiner, Claim 11 and 13 are being amended to the form originally agreed on when Undersigned agreed to the Examiner's amendment.

Claim 11 has been amended to be directed to "lowering or maintaining lowered parathyroid hormone levels". This language was found in the originally filed claim.

Claim 13 has been amended to be directed to "lowering or maintaining lowered parathyroid hormone level". This language was found in the originally filed claim.

Applicants submit that the claim amendments presented above do not present new matter.

The undersigned is available for telephone consultation at any time should the Examiner wish to discuss this Amendment.

Respectfully submitted,
